Fig. 1

1. Power on Vader Clipper to assure the motor & blades are working properly. Do not use if blades are broken.
2. Adjust Lever and use the clipper upwards to move along the hair & cut to your desired length.
3. Use your patented guide combs to cut at different lengths.

SP

1. Encienda el Vader Clipper para asegurarse de que el motor y las cuchillas estén funcionando.
adecuadamente. No lo utilice si las cuchillas están rotas.
2. Ajuste la palanca y use la cortadora hacia arriba para moverse a lo largo del cabello. Y córtelo al largo deseado.
3. Utilice sus peines guía patentados para cortar en diferentes longitudes.

DE

1. Schalten Sie den Vader Clipper ein, um sicherzustellen, dass der Motor und die Klingen funktionieren richtig. Nicht verwenden, wenn die Klingen gebrochen sind.
2. Stellen Sie den Hebel ein und bewegen Sie den Haarschneider nach oben entlang des Haares
& auf die gewünschte Länge zuschneiden.
3. Verwenden Sie Ihre patentierten Führungskämme, um in verschiedenen Längen zu schneiden.

PT

1. Ligue o Vader Clipper para garantir que o motor e as lâminas estejam funcionando apropriadamente. Não use se as lâminas estiverem quebradas.
2. Ajuste a alavanca e use o aparador para cima para mover ao longo do cabelo e corte no comprimento desejado.
3. Use seus pentes-guia patenteados para cortar em comprimentos diferentes.

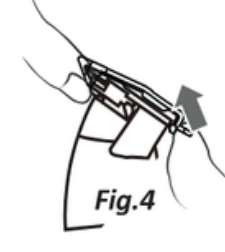

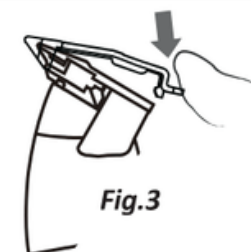

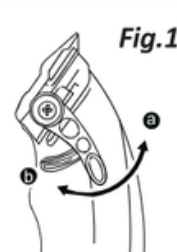

FR

1. Allumez Vader Clipper pour vous assurer que le moteur et les lames fonctionnent correctement. Ne pas utiliser si les lames sont cassées.
2. Ajustez le levier et utilisez la tondeuse vers le haut pour vous déplacer le long des cheveux. et coupé à la longueur désirée.
3. Utilisez vos peignes guides brevetés pour couper à différentes longueurs.

TK

1. Motorun ve bıçakların çalıştığından emin olmak için Vader Clipper'ı açın düzgün bir şekilde. Bıçaklar kırılmışsa kullanmayın.
2. Kolu ayarlayın ve saç kesme makinesini yukarı doğru kullanarak saç boyunca hareket ettirin
ve istediğiniz uzunlukta kesin.
3. Farklı uzunluklarda kesim yapmak için patentli kılavuz taraklarınızı kullanın.

LEVER & GUIDE COMBS

Vader Clipper is equipped with a 3 click lever that allows to change taper level for your cuts. Pushing the lever upwards gives the closest cut; downwards increases the cutting length.

STC5098 also includes 10 Patented Magnetic Guards (CMG100). The magnet makes it easy to keep your guards together while on the go.

- Insert blade teeth into the guard and push down end bill.
- To remove, lift end bill & detach.

SP

Vader Clipper está equipado con una palanca de 3 clics que permite cambiar el cono nivel para sus cortes. Empujar la palanca hacia arriba produce el corte más cercano; hacia abajo aumenta la longitud de corte.

STC5098 también incluye 10 protectores magnéticos patentados (CMG100). El imán hace que sea fácil mantener a tus guardias juntos mientras estás en movimiento.

- Inserte los dientes de la hoja en la protección y empuje hacia abajo el extremo.
- Para quitar, levante la factura final y sepárela.

DE

Der Vader Clipper ist mit einem 3-Klick-Hebel ausgestattet, mit dem sich die Konizität ändern lässt Ebene für Ihre Schnitte. Wenn Sie den Hebel nach oben drücken, erhalten Sie den engsten Schnitt. nach unten vergrößert sich die Schnittlänge. STC5098 enthält außerdem 10 patentierte magnetische Schutzvorrichtungen (CMG100). Der Dank des Magneten können Sie Ihre Schutzvorrichtungen unterwegs einfach zusammenhalten.

- Setzen Sie die Sägeblattzähne in den Schutz ein und drücken Sie das Endstück nach unten.
- Zum Entfernen den Endschein anheben und abnehmen.

PT

O Vader Clipper está equipado com uma alavanca de 3 cliques que permite alterar a conicidade nível para seus cortes. Empurrar a alavanca para cima proporciona o corte mais próximo; para baixo aumenta o comprimento de corte. STC5098 também inclui 10 proteções magnéticas patenteadas (CMG100). O

O imã facilita manter seus guardas juntos enquanto estiver em movimento.

- Insira os dentes da lâmina na proteção e empurre a ponta para baixo.
- Para remover, levante a nota final e retire.

FR

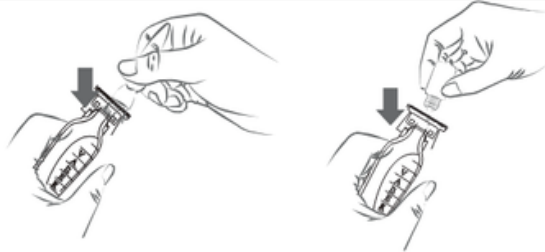

Vader Clipper est équipé d'un levier à 3 clics qui permet de changer de cône niveau pour vos coupes. Pousser le levier vers le haut donne la coupe la plus proche ; vers le bas augmente la longueur de coupe.

Le STC5098 comprend également 10 protections magnétiques brevetées (CMG100). Le L'aimant permet de garder facilement vos protections ensemble lors de vos déplacements.

- Insérez les dents de la lame dans la protection et poussez la facture vers le bas.
- Pour retirer, soulevez la facture d'extrémité et détachez-la.

- TK** Vader Clipper, konikliğin değiştirilmesine olanak tanıyan 3 tıklamalı bir kolla donatılmıştır kesimlerin için seviye. Kolu yukarı doğru itmek en yakın kesimi sağlar; aşağıya doğru kesme uzunluğu artar. STC5098 ayrıca 10 adet Patentli Manyetik Koruma (CMG100) içerir. Miknatis, hareket halindeyken korumalarınızı bir arada tutmanızı kolaylaştırır.
- Bıçak dişlerini koruyucuya yerleştirin ve uç çıkıntıyı aşağı doğru bastırın.
 - Çıkarmak için son faturayı kaldırın ve ayırın.

DLC TAPER BLADE CBT828

CBT828 is a Stainless Steel self sharpening blade great for Debulking and creating smooth tapers. The DLC Coating allows your blade to stay cool by reducing heat & won't get rusty with long term use. Use the included cleaning brush to remove all hair & lubricate the blades with 1-2 drops of included oil as often as needed.

- SP** CBT828 es una hoja autoafilable de acero inoxidable ideal para reducir volumen y creando conos suaves. El revestimiento DLC permite que su hoja permanezca enfriado reduciendo el calor y no se oxidará con el uso prolongado. Utilizar el Incluye cepillo de limpieza para eliminar todo el pelo y lubricar las cuchillas con 1-2 gotas del aceite incluido tantas veces como sea necesario.
- DE** CBT828 ist eine selbstschärfende Edelstahl Klinge, die sich hervorragend zum Debulking eignet und die Schaffung glatter Verjüngungen. Durch die DLC-Beschichtung bleibt Ihre Klinge erhalten. Kühlt durch Reduzierung der Hitze und rostet bei längerem Gebrauch nicht. Benutzen Sie die Im Lieferumfang ist eine Reinigungsbürste zum Entfernen aller Haare und zum Schmieren der Klingen enthalten 1-2 Tropfen des enthaltenen Öls so oft wie nötig.
- PT** CBT828 é uma lâmina autoafiável de aço inoxidável ótima para debulking e criando cones suaves. O revestimento DLC permite que sua lâmina permaneça esfria reduzindo o calor e não enferruja com o uso prolongado. Use o escova de limpeza incluída para remover todos os pelos e lubrificar as lâminas com 1-2 gotas do óleo incluído sempre que necessário.
- FR** CBT828 est une lame auto-affûtante en acier inoxydable idéale pour le dégrossissement et créer des cônes lisses. Le revêtement DLC permet à votre lame de rester refroidi en réduisant la chaleur et ne rouille pas avec une utilisation à long terme. Utilisez le brosse de nettoyage incluse pour enlever tous les poils et lubrifier les lames avec 1 à 2 gouttes d'huile incluse aussi souvent que nécessaire.

- TK** CBT828, Hacim Giderme için mükemmel, Paslanmaz Çelik, kendiliğinden bilenen bir bıçaktır ve pürüzsüz incelikler oluşturma. DLC Kaplama bıçağınızın kalmasını sağlar ısıyı azaltarak serinler ve uzun süreli kullanımda paslanmaz. Kullan tüm tüyleri gidermek ve bıçakları yağlamak için temizleme fırçası dahildir Gerektiği sıklıkta 1-2 damla dahil yağ.
